# LIGHTING CATALOGUE

## Simple. Beautiful. Bright

WiZ Home Outdoor Professional

# Welcome

4Lite specialise in the design, manufacture and distribution of high quality, energy saving luminaries for a variety of solutions. A division of Ansell Lighting, 4Lite is built upon 25 years' experience and knowledge of the electrical industry. With facilities around the world dedicated to research, product development and testing – we have the resources and expertise to create cost-effective, market leading products and provide exceptional service.

Our state of the art showroom in Knutsford showcases the entirety of our product offering, presenting products covering, internal, external, industrial, emergency and connected lighting.

Whether you're an electrical expert looking to purchase quality, stylish products for a client's kitchen, or you're simply looking to purchase some under cabinet lighting for a DIY project in your own kitchen. 4Lite are here to help.

We hope our catalogue provides you with everything that you need to know; but in the event that it does not please do not hesitate to contact us. Our sales team will be happy to provide assistance and advice on any of the products.

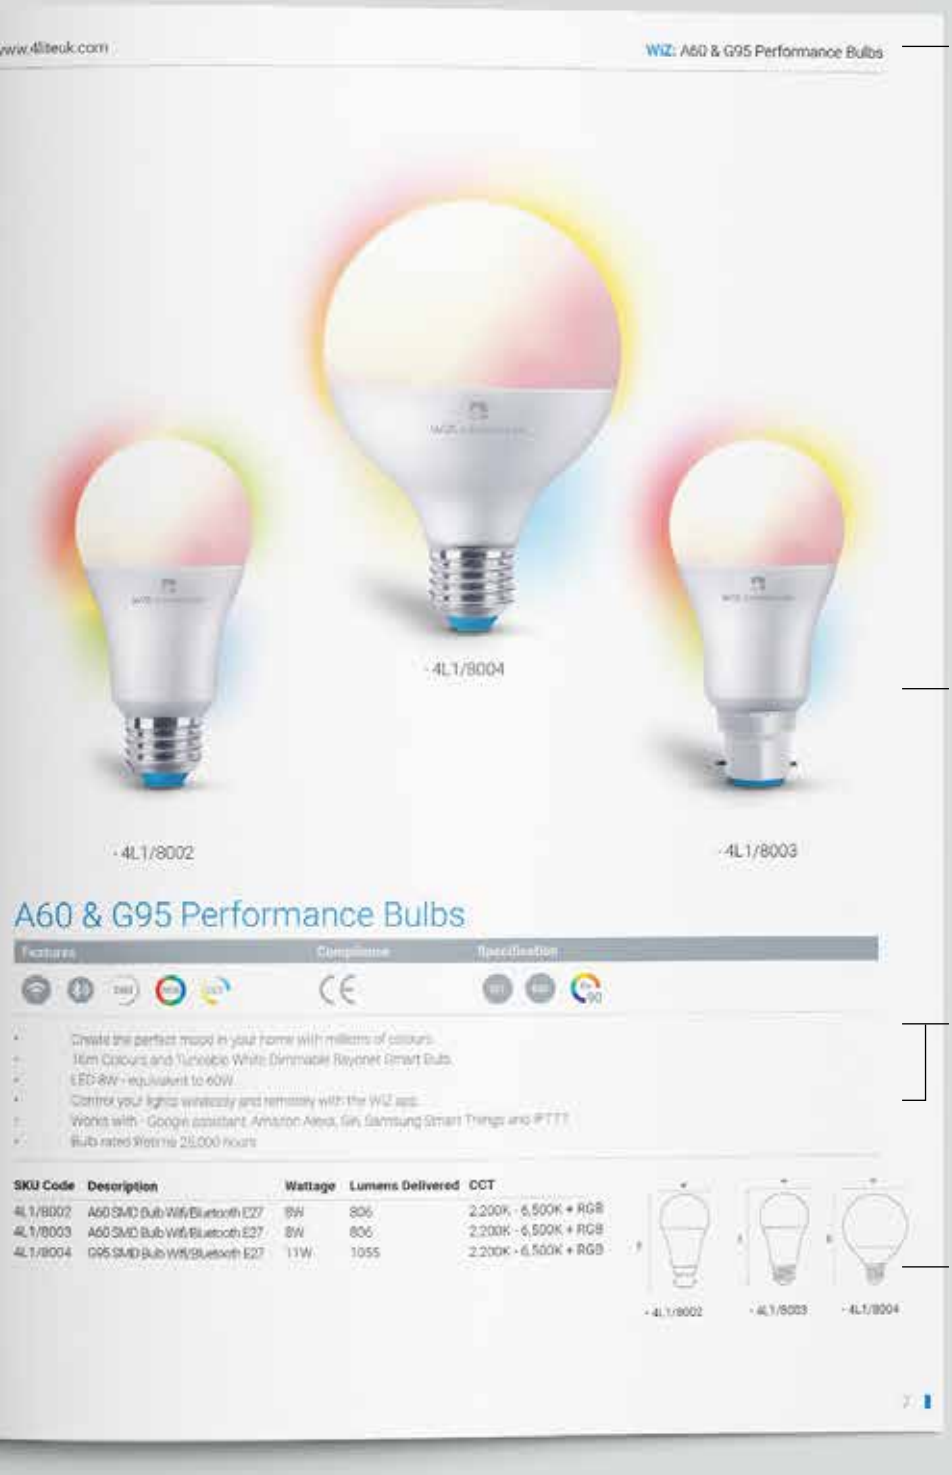
# I PAGE GUIDE

The guide below will give a comprehensive overview of the layout of this catalogue to ensure a better understanding of our product ranges.



1 **SECTION INDICATOR**

A easy reference to product section and name

2 **FEATURE IMAGES**

Images of complete product range and any applicable features

3 **PRODUCT SYMBOLS AND FEATURES**

An easily relatable reference to all attributes, features and corresponding benefits of the product range

4 **LINE DRAWINGS**

Detailed dimension drawings of each product variant

# I ICON GUIDE

The icon guide below provides a quick and easily relatable visual guide to the main features, product compliance, specification and installation of all of our product ranges.

## FEATURES

### WARRANTY
Please consult our website for all warranty information
www.4liteuk.com

### IP65 INGRESS PROTECTION
This product achieves full IP65 ingress protection rating

### AC LED
This product utilises AC alternating current

### BLUETOOTH
This product is bluetooth enabled and can be controlled using a smart device

### WI-FI
This product is Wi-Fi enabled and can be controlled using a smart device

### FIRE RATING
This product is fully tested for 30, 60 and 90 minute ceiling types to meet Part B of Building Regulations

### DIMMABLE
This product is dimmable

### SOLAR
This product utilises solar powered batteries

### USB
This product utilises batteries and is charged using USB 2.0

### CCT SELECTABLE
The colour temperature on this product can be selected

## COMPLIANCE

### PART C
This product is fully tested to meet Part C of Building Regulations (resistance to contaminants and moisture)

### CE MARK
This product complies to the European Community Confirmity

### PART E
This product is fully tested to meet Part E of Building Regulations (resistance to sound)

### UKCA MARK
This product is UK Conformity Assessed

## SPECIFICATION

### BEAM ANGLE
The beam angle achieved by the specified product

### CLASS I
This product has an earth connection

### CLASS III
This product has Supply of Safery Extra Low Voltage (SELV)

### RGB LED
This product can be programmed to use red, green and blue LED light

### ZONE 1
This product is compatible for use in bathroom Zone 1: BSEN7671:2008

### ZONE 2
This product is compatible for use in bathroom Zone 2: BSEN7671:2008

### CLASS II
This product has double insulation

### GU10
This product will use a GU10 bulb

### E27
This product will use a E27 bulb

### B22
This product will use a B22 bulb

### COLOUR RENDERING INDEX (CRI)
The colour rendering index of the specified product

### PIR SENSOR
This product has an integral PIR sensor

## INSTALLATION

### CIRCULAR HOLE CUT OUT
This product will require the specified hole cut-out size in the ceiling for installation
